Tips For an Enjoyable RG

The Music Pub: Our Music Pub is intended to be a casual cafe while performances are underway. Feel free to come in and out at will with your snacks and drinks.

Badges: Anyone NOT wearing a badge will NOT be allowed entry into Hospitality. Many of you will think this stinks. However, this is the only way we can ensure that only paying RG attendees will be able to avail themselves of the victuals and libations that your registration dollars paid for. We trust you understand, and we thank you for your cooperation.

Hospitality: Please do not carry open containers outside the RG area so that we may abide by state regulations that govern the hotel.

Smoking: No smoking is allowed in the hotel. Thank you for your cooperation.

Pool: If you choose to use the hotel pool, please observe the posted rules.

Behavior: Please respect the property of the RG and the hotel. Illegal, destructive, or abusive behavior will not be tolerated and will be considered cause for possible eviction from the RG without refund.

Hugging: The Mensa hug dot code is as follows:
GREEN means Yes, please hug me!"
YELLOW means "Please ask me first."
RED means "Don't hug me"
BLUE means "Seeking dates."

Please treat all children as if they have red dots, as they often decorate their badges with multiple colors or their favorite.

Parents and Children: Please, no unaccompanied children under 12 in public areas after 10:00 p.m.

Schedule Authenticity: Our schedule is current as of 2/1/2017, but is subject to change without notice. We hope nothing changes, but if it does, we will endeavor to post any and all changes in a prominent location in Hospitality.

RG Time: Our RG runs on RG Time; not all clocks are synchronized! Please be patient with our hard-working volunteers if an event gets underway a few minutes late.

Meet-And-Greets: Speaking of getting things underway a few minutes late, if you show up at a Meet-and-Greet and no one else is there yet, please don't walk away! All too often, the first person arrives, sees an empty room, and leaves. A minute later, the next person arrives, sees an empty room, and leaves. Etc. Please wait for a few minutes until everyone shows up!

From comical interactions with penguins she worked with at the New England Aquarium, to working as a rehabilitation manager during the record-breaking rescue of 40,000 penguins from an oil spill in South Africa, to her recent experience of sitting amidst nearly half a million nesting penguins in Antarctica, Dyan's vibrant photographs and videos bring the best of the penguin world to Portsmouth.

3:30 - 4:30 pm The Art of Zen Travel (Badger)

Robert Robertson

This presentation is focused on travel and learning. Not so much learning about where to travel but rather how to travel and how to learn through travel. Alain de Bottom in his book the Art of Travel captured this idea by explaining: "If our lives are dominated by a search for happiness, then perhaps few activities reveal as much about the dynamics of this quest---in all its ardour and paradoxes---than our travels. They express, however inarticulately, an understanding of what life might be about, outside the constraints of work and struggle for survival. Yet rarely are they considered to present philosophical problems—that is, issues requiring thoughts beyond the practical. We are inundated with advice on where to travel to, but we hear little of why and how we should go, even though the art of travel seems naturally to sustain a number of questions neither so simple nor so trivial, and whose study might in modest ways contribute to an understanding of what the Greeks Philosophers beautifully termed eudaimonia, or 'human flourishing'." It will provide the opportunity for the audience to comprehend the central role of travel in national/international cross-cultural understanding, and to help people understand how travel can serve as a mechanism for cultural understanding and personal transformation. The goal is

Elizabeth Becker, 20+ years of RG Hospitality, and this year I get to do something different. I learned to crochet when I was less than ten (and that was a while ago!) I have made everything from doll clothes to king size blankets. Tea has been an obsession for me for almost as many years.

Glenn Della-Monica, Scotch Aficionado, has enjoyed Scotch since his tour in Vietnam, but his real introduction to it was at the Whiskies of the World expos in the late 90's. He's been investigating the mysteries of this elixir since, including attendance at such events as the NH Distillers Showcase. He has been collecting and sampling Scotches from the common to the rare since then. He has recently hosted very well received tastings at his fish and game club.

He has taught ebay at Community Colleges and Adult Ed programs for the last 12 years, and, until ebay ended their "ebay University" Education Specialist Program last year, he was the only Certified Business Consultant in New England.

Dyan deNapoli (AKA The Penguin Lady) is a penguin expert, TED speaker, and author of the award-winning book, THE GREAT PENGUIN RESCUE. A former Senior Penguin Aquarist at Boston's New England Aquarium, Dyan lectures internationally to raise awareness and funding to protect penguins, donating 20% of her proceeds to penguin conservation. She has been a sought out expert on radio and TV since 1995, including appearances on CNN and the BBC - and has been the guest lecturer on nature cruises to Antarctica and the Galapagos Islands. She just returned from a 3-week expedition to Antarctica, where she was one of 76 female scientists from around the globe selected for a leadership initiative called Homeward Bound. Dyan will return to Antarctica once again in February of 2018 as a lecturer for Lindblad/National Geographic. A four-times TEDx speaker,
