Tips For an Enjoyable RG

The Music Pub: Our Music Pub is intended to be a casual cafe while performances are underway. Feel free to come in and out at will with your snacks and drinks.

Badges: Anyone NOT wearing a badge will NOT be allowed entry into Hospitality. Many of you will think this stinks. However, this is the only way we can ensure that only paying RG attendees will be able to avail themselves of the victuals and libations that your registration dollars paid for. We trust you understand, and we thank you for your cooperation.

Hospitality: Please do not carry open containers outside the RG area so that we may abide by state regulations that govern the hotel.

Smoking: No smoking is allowed in the hotel. Thank you for your cooperation.

Pool: If you choose to use the hotel pool, please observe the posted rules.

Behavior: Please respect the property of the RG and the hotel. Illegal, destructive, or abusive behavior will not be tolerated and will be considered cause for possible eviction from the RG without refund.

Hugging: The Mensa hug dot code is as follows:
GREEN means Yes, please hug me!"
YELLOW means "Please ask me first."
RED means "Don't hug me"
BLUE means "Seeking dates."

Please treat all children as if they have red dots, as they often decorate their badges with multiple colors.

Parents and Children: Please, no unaccompanied children under 12 in public areas after 10:00 p.m. Please make certain your children are supervised in the Kids' Room, as daycare service is **not** provided by the RG or by the hotel. Parents are requested to supervise activities & crafts, and to staff the room.

Schedule Authenticity: Our schedule is current as of 2/3/2014, but is subject to change without notice. We hope nothing changes, but if it does, we will endeavor to post any and all changes in a prominent location in Hospitality.

RG Time: Our RG runs on RG Time; not all clocks are synchronized! Please be patient with our hard-working volunteers if an event gets underway a few minutes late.

Meet-And-Greets: Speaking of getting things underway a few minutes late, if you show up at a Meet-and-Greet and no one else is there yet, please don't walk away! All too often, the first person arrives, sees an empty room, and leaves. A minute later, the next person arrives, sees an empty room, and leaves. Etc. Please wait for a few minutes until everyone shows up!

RG Schedule

Welcome to the NH Regional Gathering! Thank you for coming to Portsmouth and sharing a weekend with us. Let's get away from the mediocrity of life, and strive for the stars, like Gene Roddenberry encouraged all of us to do in his creation, "Star Trek". We've all been inspired by it, from students to engineers to astronauts. Let's get away from it really fast, at "Warp Factor: RG" !!

Friday

4pm Registration, Hospitality, and Games Room open.

6 pm - 8pm Dinner: Neelix's Kitchen - Comfort food from the Delta Quadrant (Hospitality)

Neelix is the Talaxian cook the crew of Voyager picked up in the Delta Quadrant. He tries to make the crew feel less home sick by trying to replicate earth comfort food with Delta Quadrant ingredients.

6pm Film: *Star Trek Into Darkness* (Movie Room 294)
(2013, PG13, 2hr 12m)

In an alternate timeline, Captain Kirk (Chris Pine) and his crew deal with a man wreaking terrorism on the Federation.

8pm Andrew Heffernan, "RG Primer for newcomers" Meet & Greet (Room 292)

Is this your first Mensa Regional Gathering? Come to the Newbie Primer and get told everything you need to know and get answers to all of your questions. If we don't know the real answers, we'll make something up!

8pm Fun with Ribbon (Crafts Room 293)

Sue Follansbee will be doing craft with ribbon. Ribbon is not only for making bows. Join her for some fun creative ways to use ribbon.

8pm Simuldeck opens. (Room 297)

Our Simuldeck features computer simulations (some would say games) of various 20th century situations, most notably "Rock Band". Consult with Chief Engineer Follansbee regarding what's available!

8pm Kids' Room opens. (Room 296)

Open activity for Ms and children thereof to have fun aimed at the younger set!!

8-10:30 pm Music with Kyle Nickerson (Cutter)

Kyle Nickerson, fellow Mensan and practiced guitarist, gives an intimate performance of tales and tunes. Enjoy music from the roots of rock n' roll to current artists!

8:30 pm: Wesley Crusher's Ice Cream Social/Buffer (Cutter)

Wesley Crusher being the youngest member of Star Trek Next Generation, he loves Ice cream and introduces it to many species in their many adventures around the Alpha Quadrant.

8:30pm - Classic Star Trek TV episode: "Space Seed" (Movie Room 294)

(approx 50 mins)

The Enterprise encounters an older, 'sleeper' spaceship, whose commander, Khan (Ricardo Montalban) is a formidable warrior from his earlier Earth era.

9pm Tchipikaan: Divination Methods. Why Soothsaying? (Badger)

While on the surface “fortune telling” seems frivolous (it has been presented so - both by detractors and its adherents - trying to make it seem safe), there are actually many good reasons both historically and currently for its continued existence. Divination is empowering and expands our options for directing our own lives. Explore the many reasons reading runes, palms, stars, cards and other techniques are as useful as reading weather patterns or medical diagnostics.

9:20pm Film: *Star Trek II: The Wrath of Khan* (Movie Room 294)

(1982, PG, 1h53m)

Khan escapes the planet he was exiled to by Kirk, and is determined to wreak revenge on him. (*"KHAAAAAANNNN!!! KHAAAAAN!" *)

10pm Kids' Room closes for the night.

11pm Simuldeck closes for the night.

11 pm Starfleet Dignitaries' Greetings. (Hospitality).

Shrimp and champagne will be served.

Every ship has its mandatory Dignitary Reception so this will be ours. Disobey orders at your own loss.

11:30 pm Movie Room closes for the night.

Saturday

8 am Breakfast Waffles and Other Stuff (Hospitality).

Join the early risers and have a great meal. Whole wheat apple sauce waffle, plain white waffles and many other breakfast things will be out for your enjoyment.

9am Simuldeck Open again. (Room 297)

Come enjoy computer simulations, the 20th century equivalent of holodeck creations.

9 am Kids' Room (Room 296) opens again.

9am Tribble Triple Threat TV episode: Classic Star Trek, *The Trouble with Tribbles* (Movie Room 294)

First of three episodes featuring those ubiquitous tribbles!! The Enterprise docks at a space station, and discovers that it is being quickly overrun with cute, fuzzy, cooing, incredibly fertile little creatures.

9:30 - 10:30 am Ric Werme, "Wind Power in NH: The Good, the Bad, and the Ugly." (Badger)

Three large wind farms are being planned to join three operating sites. Ric shares his insight and interest in the politics, science, and impacts of these 400-500 foot skyscrapers.

9:30 - 10:30 am Fern Brown, *Odyssey of the Mind* discussion (Cutter)

Fern Brown will discuss her activity in *Odyssey of the Mind*, and show some of the many techniques that group has to encourage highly creative youth!

9:50 am Animated Star Trek, *More Troubles, More Tribbles* (Movie Room 294)

(approx 25mins)

The Tribble peddler is back, and this time he says they don't reproduce. They do get very, very big, however...

10am Gak Making (Kids' room 296)

Come make Gak, a fun concoction that is somewhere between flour paste and green slime!!

10:15 am Tribble Triple Threat TV Episode Deep Space Nine, Trials and Tribble-ations (Movie Room 294)

Third of three episodes featuring those ubiquitous tribbles!! (approx. 45 mins) DS9 Captain Sisko and his crew travel back in time to undo a plot to kill James T Kirk, in the very events that take place in the first "Tribbles" episode!! ghob'e' Hegh yIHmey!

11am - noon Art Greenberg, "Mendeleev and His Ignoble Gases" (Badger)

Brief background into how the young Mendeleev formulated the periodic table (1869), its brilliance and necessary flaws. In his senior years Mendeleev was resistant to the discovery of the inert (noble) gas argon since he did not see a place for it in his periodic table (1895). A believer in the "universal ether", by 1902 Mendeleev had accepted the reality of the inert gases and placed them in family "0" in the periodic table (rather than VIII as we do today). This led (or misled) him to a chemical conception of the universal ether.

11 am - 12 pm noon Lynette Hartwig, "The Opposite of Do-It-Yourself" (Cutter)

Not a DIY person? Wonder if you're being overcharged for home upgrades & repairs? If you want a good professional job, the internet is full of advice--from the contractors themselves. Eight Things a Contractor Will Never Share on the Internet.

The author of "Negotiating When Money Matters" shares the no-study, low-effort way to make any contractor or technician give you a good price and good work.

11:10 am Classic Trek TV Episode: *A Piece of the Action* (Movie Room 294)

Kirk, Spock, and McCoy deal with a copycat alien race that has based its society on the Chicago gangsters of the 1920s.

12 pm: Lunch is served in Ten-Forward (Hospitality)

A buffet of sandwiches and salads. I think the title says it all - come to the main meeting place and enjoy a simple lunch

12 pm noon Make Your Own Lunch in (Kids' room 296)

12 pm noon Film: *Galaxy Quest* (Movie Room 294)

(1999, PG, 1h42m) A group of actors from a highly popular SF show are confronted with aliens who think the show is real, and have built everything on the show for real, and they need help!

1 pm Spock-Level Challenge Spelling Bee (Tournament Games Room)

Come really, really test your spelling ability, with a spelling tournament involving words that only we Mensans are likely to ever come close to being able to spell!

1 - 2 pm Ebarhard Moebius, "Everything Out Of Nothing? The Story of the Universe Seen With Modern Instrumentation". (Badger)

"Everything out of nothing?" is a broad introduction to modern day cosmology and the open questions. Professor Moebius draws from teaching the introductory astronomy course and leads an interdisciplinary seminar on the broader questions that humans ask.

1 - 2 pm Jeffery Fetter, "Redemption in Star Trek" (Cutter)

Gene Roddenberry's "Star Trek", especially in its Original Series and The Next Generation, was not only a science fiction show, but an example of a more idealized society, with frequent themes of redemption in many episodes. This will be a discussion of those themes, episodes, and characters. Not just for Trek Fans.

2 pm Classic Trek TV Episode, "*I, Mudd*" (Movie Room 294)

The Enterprise is seized by a planet of androids, whom the crew eventually disable with extremely eccentric charades reminiscent of Lewis Carroll.

2:30 pm AG 2014 Last Chance Before Boston (Cutter)

This year's Annual Gathering, the US Mensa National Gathering, will be this Fourth of July in Boston. Come meet with AG Chair Deb Stone (yes, our Registrar) and hear about the latest news on "Brilliance in Beantown". (We promise, this is the last AG Deb will talk about. This year.)

2:30 - 4 pm Debbie Hoffman Adair, "To Boldly Go Where No Person Has Gone Before:

The World of Positivity and Possibilities" (Badger)

Audience participation highlights this program as Debby brings to life what it truly means to be POSITIVE. Thought provoking, fun and filled with information, participants will be able to: understand the dynamics of attitudes, what to do about the "negative" people in their lives, learn new easy-to-do ways toward positive communication and how to remain positive in the face of life's difficulties. True empowerment comes to those who know the secrets of positivity. Is it possible to recreate your life to be more purposeful and prosperous? Boldly come to find the answers for yourself.

3 pm Starship Design Contest (Kids' Room 296)

3 pm Fun with Ribbon (Crafts Room 293)

Sue Follansbee will be doing crafts with ribbon. Ribbon is not only for making bows. Join her for some fun creative ways to use ribbon.

3 pm: A tribute to the Red Shirts of Classic Trek (Hospitality)

This is a snack of many cute red shirt items and yummy tasty cookies to be gobbled up and left for dead just like the red shirt crew members of Clasesec Trek away missions.

3 pm The Next Generation TV Episode: *Hollow Pursuits* (Movie Room (294))

A crew member on the Enterprise uses holodeck characters based on his fellow crewmen to enact various fantasies, until he's called on to be a real hero.

3:30 pm Poker Tournament (Boardroom)

Captain Picard sends his regrets. Something about a guy named "Q".

4 pm The Next Generation TV Episode: *Darmok* (Movie Room 294)

Picard is kidnapped by the emissary of a race that speaks only in references. Tower of Babel. Enemy Mine and The Defiant Ones. Shaka, when the walls fell! ((An interesting tale of learning to communicate..))

4:30 - 5:30 pm Kevin Tremblay, "Gifting of Orgonite" (Badger)

Orgonite is an enclosed orgone accumulator that creates changes to energy surrounding it. Many health claims have been attributed to it. The woo-woo stuff is that it repels Reptilians and causes negative people to move away from it. Gifting orgonite is a worldwide movement to equalize and change bad energy into good. The development of orgonite comes from the research of Wilhelm Reich discovering orgone energy.

4:30 - 5:30 pm Tchipikaan, "Simple Energy Healing Techniques" (Cutter)

As we gain more understanding of Quantum physics (aka magick), we understand humans as creatures of both energy and matter. Techniques from Kinesiology to Quantum healing use this knowledge to take us beyond surgery and chemistry in healing.

4:30 pm Meet the RVC (Meet & Greet Room 292)

5 pm The Next Generation TV Episode: *Parallels* (Movie Room 294)

Worf keeps shifting between alternate universes, with more and more dramatically different Enterprises.

5:50 pm Film: *Star Trek: First Contact* (Movie Room 294) (1996, PG13, 1h51m)

Picard and the Enterprise crew travel back in time to prevent the Borg from stopping the First Contact between humans and Vulcans.

6:30pm Off Worlder's reception in (Badger/Cutter)

We will be serving foods from Earth's Far East Cultures - Chinese food from the Grand Buffet, a favorite place among NH Mensan and Intel Members alike.

7:50 pm Star Trek Voyager TV Episode: *Bride of Chaotica!* (Movie Room 294)

(approx. 45 min). Voyager is beset with "Photonic" aliens, who can only recognize the characters in Lt. Paris's "Captain Proton" holodeck game. (Basically, Flash Gordon.) This compels Captain Janeway to cozy up to Chaotica, the game's villain character...

8 pm Music With King Chrome (Cutter)

Dance, dance, dance to the rockabilly sounds of King Chrome, *the* roots rock trio from NH's Lakes Region! Thrill to their mix of music hearkening from rock n' roll's early days! Hear Rock n' Roll from the days of Buddy Holly, Jerry Lee Lewis, Fats Domino, Elvis, Bo Diddley, and Johnny Cash (yes, he rockabilled, too) through to the music of modern rockabilly like Stray Cats, Big Voodoo Daddy, ZZ Top, and Eric Clapton. Bassist Shawn Chase, drummer Rob Court, and lead guitar Dennis Allard will keep it hopping!

8:40 pm Star Trek Enterprise TV Episode: *Bound* Movie Room (294)

(approx. 45 min). Captain Archer (several Enterprise captains before Kirk) and his crew encounter the Orion Slave Women. But who's enslaving who??

9pm-11pm Pete the Bartender (Hospitality)

Pete mixes us his famous Mudslides and other cocktails.

9 pm Costume Contest (Cutter, Hospitality)

Come dance, or hang out, in costume from three challenge themes: Star Trek (*anything Trek at all*), 1960's (the era Star Trek originated from), or 21st century (current day, but you 'must' be distinctly non-1960s). Our judges will determine awards and scores from what you've got ready! Or just come as you are and cheer for our RGer's costuming acumen!! (Awards and judging will be 'during the break' on the dance floor.)

9 pm Simuldeck closes.

Go enjoy actual Rock Band.

9 pm Kids' Room closes

9:30 pm Film: *Star Trek IV: The Voyage Home* (Movie Room 294)

(1986, PG, 2 hours)

Captain Kirk's crew, in a 'borrowed' Klingon ship, have to go back to the 1980s to bring a pair of humpback whales back to 23rd century Earth, where the whales are extinct.

"Captain! There be whales here!"

10pm: Diana Troi's Chocolate Obsession.

Come taste the delectable goodies...Chocolate and more Chocolate! This is a great old tradition of our RG. Come and enjoy the wonders made by all.

11:30 pm Movie Room closes.

Sunday

7:30 to 8:30 am Coffee, Fruit, and Pastry (Hospitality)

Wake up and get ready to beam out!!

9 am Visitor Departure Lunch (Hospitality)

After the party, after the festivities, after the last Tribble has been picked up, we'll improvise as best we can for something to prepare our visitors for the long voyages ahead.

10:30 am Closing Ceremony and Awards (Badger)

How has this RG been? Have there been hugs you've missed giving?? Join RG Chair Richard as he closes this RG out!

12:00 pm noon Hospitality Clean-Up.

What a great RG!! Come help us clear it out!!

12:00 pm noon NH Mensa Special Business Meeting (Badger)

Special Business Meeting to receive nominations for 2014 New Hampshire Mensa Executive Committee elections.

Many Thanks to Our Presenters!

Debby Hoffman Adair is past president of the N E Chapter of National Speakers Association, life-long entrepreneur, former newspaper columnist, live talk-show radio host on WKXL in Concord, NH, and author of ***Find Something Nice to Say – The Power of Compliments.*** She is also founder and CEO of ***In the Presence of Positive Women***, a worldwide membership organization dedicated to helping women grow and become their true selves.

Fern Brown is active in Maine Mensa and Odyssey of the Mind.

Dr. Jeffrey C. Fetter practices Internal Medicine and Psychiatry in the Concord NH area. In addition to obviously being a longtime fan of Star Trek, he is also very active in the Concord Unitarian Universalist Church, where he first presented his talk.

Sue Follansbee has been helping out at NH RG's for several years. She has worked in the kids room and has also held several craft classes primarily in scrapbooking. She has been scrapbooking and crafting for many years and loves to share her knowledge and talents.

Arthur Greenberg is a Professor of Organic Chemistry at UNH (Durham). He joined UNH in 2000 as Dean of the College of Engineering and Physical Sciences and served a full five-year term in this position. He received his PhD from Princeton University and his current research interests include physical organic chemistry and environmental organic chemistry.

Lynnette Hartwig, mechanical engineer, cost estimator & author “Negotiating When Money Matters” lives in Westford MA.

Many Thanks to Our Presenters!

Dennis Higbee is a MA mensan who prefers to let his work "speak for itself".

Eberhard Moebius is a Professor of Physics and Space Science at the University of New Hampshire (Durham). He is a fellow of the American Geophysical Union. His research centers on the acceleration of particles in space, and the transport of particles through space, using state-of-art equipment on spacecraft. Recent research focused on interstellar gas and its interaction with the heliosphere. He also engages in interdisciplinary seminars featuring colleagues from Religious Studies, Biology, and Philosophy.

Kyle Nickerson learned to play guitar in his dorm room at UNH more years ago than can be counted musically in six measures of 4/4 time signature. As a college student, active duty soldier, and salesman, he has entertained family, friends, and organizations as a hobbyist musician over the years. While busy by day as a proposal manger for an IT company, Kyle notes two albums/ CDs on his website (knickersonmusic.com)

Tchipakkan is an artist, writer, healer, and eclectic pagan-heath-rustic. Openly Pagan since the 1960s, she lives on a small farm in NH aimed at self sufficiency and sustainability, with 3 adult children, all of whom are artists and writers, and a varied assortment of animals. On weekends Tchipakkan teaches while her daughters sell the family's art through Caboshons, and they write, plant, sculpt, dye, sew, etc. the rest of the week. She also writes magazine articles, has a website, and works on too many books at once. Published are Divine Cookies, Heathen Cookies, and Anglo-Saxon Magick. She paints book covers and portraits as well. www.tchipakkan.com

Many Thanks to Our Presenters!

Kevin P. Tremblay is the Co-coordinator of the Many Conspiracies SIG and a former Harvard University Officer. His second book is slated to be out in a few weeks. **I Know What You REMEMBER** is a fiction about murder, suicide and real estate. He is the Designate Broker of Maine Properties Realty in central Maine and collects books, plants and loves to hear about conspiracies.

Ric Werme joined Mensa in 1974 near the end of the last round of global cooling climate. He became a climate activist in 2008 when warming appeared to have paused. With "the pause" extending over the last 15-20 years, Ric is turning his attention to wind farm proposals around Mt. Cardigan and Newfound Lake. This phase won't last long as Andrea Rossi's nickel-hydrogen fusion "E-Cat" may make some big strides in 2014. In the meantime, Ric continues as an occasional contributor on wattsupwiththat.com, a science blog skeptical of climate alarmism.
