Tips For an Enjoyable RG

Badges: Please wear your badge at all times in any of our spaces (Hospitality, 1st floor meeting rooms and boardroom, and 2nd floor suites). Many of you will think this stinks. However, this is the only way we can ensure that only paying RG attendees will be able to avail themselves of the activities, victuals, and libations that your registration dollars paid for. We trust you understand, and we thank you for your cooperation.

Behavior: We want NH RG to be a friendly and safe environment for everyone. Please respect the attendees, the volunteers, the hotel, and all property. Illegal, destructive, abusive, or harassing behavior will not be tolerated. Failure to comply with this policy may result in removal from the event without a refund, and/or police intervention if warranted.

Hospitality: Please do not carry open containers outside the RG area so that we may abide by state regulations that govern the hotel. Only attendees of legal drinking age may carry/drink alcohol. Please be mindful of the health of others with regards to food.

Health Note: As always, respiratory and other viruses (flu, RSV, and yes, Covid) are making their rounds. We do not require, but do welcome, masks at the RG. We will have hand sanitizer available in our spaces. As much as we are looking forward to seeing you, if you are showing symptoms of illness and/or feeling unwell, please take all measures to seek medical advice and ensure that you will not be in a position to contaminate others. For any questions or issues, please find one of the RG organizers or a member of the NHM ExComm.

Parents and Children: Please, no unaccompanied children under 12 in public areas after 10:00 pm.

Pool: Please observe the posted rules if using the hotel pool.

Hugging: The Mensa hug dot code is as follows:

GREEN means "Yes, please hug me!"

YELLOW means "Please ask me first"

RED means "Don't hug me"

BLUE means "Seeking dates"

Remember that people are allowed to "violate" their own hug dot rules all they want (e.g., a person wearing a red dot can hug other people), but you should not violate another person's hug dot.

Please treat all children as if they have red dots since they often decorate their badges with many colors or their favorite.

Schedule Authenticity: Our schedule is current as of the end of March, but is subject to change without notice. We hope nothing changes, but if it does, we will endeavor to post any changes in a prominent location in Hospitality.

RG Time: Our RG runs on RG Time; not all clocks are synchronized! Please be patient with our hardworking volunteers if an event gets underway a few minutes late.

Parking lot location is (43.0415504, -70.7155830). 9:00 – 10:00 am – Lenormand Divination – Tchipakkan (Badger)

Couldn't master the esoteric Tarot symbolism? Lenormand is a card reading technique from the 18th century that uses only 36 cards, and the symbols on them are all familiar to people familiar with European folk tradition. You already know what a fox, snake, coffin, letter, or a key represent. The full spread can answer dozens of questions at once, although many use the cards for quicker small readings.

9:00 – 12:00 am – Testing (Room 296) Please arrive by 8:45.

9:00 – 10:00 am – “Travels with Deb” (Cedar) For most of Deb's life, she traveled in the way many of us do. A week or two of vacation from work (pretty fully planned), and occasional long weekends away. That all changed for her at the beginning of 2022 when she packed up her car and left on what turned out to be a 7 1/2 week, 7,500 mile journey around a whole lot of the US. With one exception (a board meeting and retreat weekend) she made no plans in advance at all. Come join to hear what this type of travel is like, and to see some of the favorite sites she has discovered in the last few years.

10:30 – 11:30 am – So What is a Vardo? – Elizabeth Becker (Badger)

A Vardo is a Romani home on wheels. Elizabeth will share why she built her wagons and what she loves most about them.

10:30am – 12:12pm "The Wild Robot" (2024, PG, 102 min) (movie room 292)

Stranded away from a ship full of robots, a robot struggles to survive on an island, with wild animals for companions.

10:30 – 11:30 am – Consciousness Beyond Death: A Near-Death Experience in the Canadian Wilderness – Peter Panagore (Cedar) In March 1980, Peter Panagore faced death on the frozen cliffs of Banff National Park. Stranded overnight in subzero temperatures after a climbing accident, he succumbed to hypothermia—and crossed over. In this gripping and deeply personal talk, Peter recounts his near-death experience (NDE), the ineffable beauty he encountered beyond the physical world, and the profound insights that reshaped his understanding of consciousness, God, and the afterlife. Drawing from his mystical experience and years of research into NDEs, Peter explores the nature of self-awareness beyond the body and the universal truths glimpsed during death. Join us for an extraordinary journey into the mysteries of existence, where science, spirituality, and personal experience converge.

12:00 pm – LUNCH (Hospitality) Chill Catering will be providing a lunch at Noon of green salad. Sandwiches – ham& cheese; turkey, bacon, lettuce and tomato; roast beef w/horseradish dill sauce, lettuce & tomato. Tuna salad w/cuke, lettuce, tomato; veggie wraps on flour tortillas, there will be a limited number of dietary restrictions items please see a member of the Hospitality Committee if you need something special.

12:15–1:39pm – "Flow" (2024, G, 84min from Latvia) (movie room 292)

A cat, golden retriever dog, and various other animals, fleeing a suddenly catastrophic flood, cooperate for safety in a small abandoned sailboat. Oscar for Best Animated Feature.

1:00 – 2:00 pm – Won't get Fooled Again – History of Psychic Scams – Tchipakkan (Room 293)

It's possible for there to be real psychics, and still have frauds and scams out there. I will cover both some of the historical scams and share hints for figuring out if you're dealing with one (before you get sucked in). Remember, a little truth makes a lie more convincing. Also the language used confuses matters: the term "Cold Readings" is used for both real and fake readings.

1:00 – 2:30 pm – Altered Thrift Store Art – Laurie Levesque – (Badger) This activity is for 10 adults only.

Bring a beverage and have fun repurposing and upgrading a piece of "ugly" art into something whimsical. We'll look at examples of discarded paintings that have been given new life, with the addition of cartoons, animals/birds, monsters, objects into the scene. Maybe you've seen examples of altered art: robots or Storm Troopers added to idyllic scenes, food flying over a house, monsters in a field, rubber duckies added to ocean sailboat scenes...the sillier the better. We'll have fun experimenting with adding cutouts from thrift store books and magazines using glue (decoupage). If you prefer to try your hand at painting objects directly onto the canvas, brushes and paint will be available as well. Small paintings

will be supplied for up to 8 participants, but feel free to bring your own find from a local thrift store. Materials including magazines, pictures, glue, scissors, etc. will also be supplied, and you are welcome to bring any pictures you want to repurpose. To see what other folks have done with their bad art possessions, Google "thrift store paintings +" and one of these words (repurposed, enhanced, altered, re-directed) and then click on the Images tab. **[LIMITED ATTENDANCE – Sign up at Registration]**

1:00 – 2:00 pm – From Introvert to Multivert – Carolyn Handy (Cedar) From a shy Vermont girl, afraid of everyone, to a woman who interviews people, gives speeches and runs meetings. How did Carolyn make the transformation so far? It's not over yet. This presentation highlights some ways that the Toastmasters International organization helped her come out of her shell, giving her more opportunities in her career and improving personal relationships.

1:45 pm Oscar nominated Short Films (movie room 292)
"A Lien" (15 min.) A "DACA" husband has a crisis while trying to file for full Green Card status.
"I'm Not a Robot" (22 min.) A woman dealing with CAPTCHA makes a very uncomfortable discovery. ((Oscar WIN.))
"Anuja" (22 min.) the younger sister of a sewing shop worker in India has gifted math abilities, and has to choose between school and assisting the manager in the office.
"The Last Ranger"(28 min.) A rhino-protecting game ranger in South Africa protects a young girl during a dangerous encounter in the hills.

2:00 – 4:00 pm – Hold'em Poker Tournament – Deb Stone (Board Room) Come try your hand (pun intended) at playing in a real poker tournament! We will play either Texas Hold'em or a combination of Texas Hold'em and Omaha Eight or Better Hold'em. Any level of experience is welcome – we are a nice group and will help you learn!

2:30 – 3:30 pm – Seismographs Sense the Oddest Things – Ric Werme (Badger)

Ric Werme wanted to record infrasound from wind turbines. He found a device to do that also comes with a seismograph option. "That might be a neat toy," Ric thought. Instead, he was stunned that his little box recorded earthquakes nearly as well as seismologist's "real" units. It also recorded traffic going by, a neighbor's generator tests, helicopters, quarry blasting, and even a meteor explosion over New Hampshire. It's not a toy. He still hasn't recorded a wind turbine. His presentation will have traces from the list above and he'll describe how thousands of these units have opened new avenues in citizen science.

2:30 – 3:30 pm – M-etaphysical Meetup – Kelly and Tommy Galanis (Cedar) The M-etaphysical meetup is a place to discuss all things new age and metaphysical! A group that began during the pandemic, we now enjoy monthly Zooms on a variety of topics and are on the way to becoming an official Mensa SIG. Join us here at the NH RG where we will have an open discussion – paranormal, psychic, light work and more – if it falls under the general topic, we can discuss it. Come to listen, share, and support the lively discussions we are sure to have! Curious but not too familiar with the topics? Come and learn – we are a safe and open space that is welcoming to all. If you'd like to join us for our monthly Zooms, contact Tommy at 64bitpointer@gmail.com and we will add you to our list!

Using Tarot and more, they will help show you how these fun and exciting readings can help benefit and guide you toward the answers you seek!

Various short skits from the Hulu miniseries, based on "History part I" film by Mel Brooks. Created by Brooks, with Wanda Sykes, Nick Kroll, and others. Skits might include Kublai Khan explaining how he's probably your ancestor (no matter who you are), a cooking show with Typhoid Mary, and a teaser for Part III.

Peter Panagore is a renowned spiritual counselor, storyteller, and two-time near-death experiencer whose profound insights have touched countless lives. At the age of 21, while ice climbing in the Canadian Rockies, Peter had a life-altering near-death experience (NDE) that transformed his understanding of consciousness, life, death, and the Divine. This encounter with the Infinite set him on a lifelong path of mysticism, ministry, and teaching, dedicated to sharing the message of Love, Light, and the soul's eternal nature.

An ex-Reverend, Peter is the acclaimed author of "*Heaven Is Beautiful: How Dying Taught Me That Death Is Just the Beginning*," an Audible bestseller currently being developed into a feature film in Los Angeles. After earning a BA in English Literature from the University of Massachusetts at Amherst, his first NDE redirected his studies toward Mysticism at Yale Divinity School, where he earned his Master of Divinity.

Peter served open-minded coastal New England churches for over two decades and spent 15 years as a writer, producer, and on-air talent for his morning inspirational segment, Daily Devotions reached 30 million viewers annually (Nielsen Ratings) across two NBC-TV News stations across Maine and New Hampshire. He is also the author of the bestselling *Two*

Minutes for God: Quick Fixes for the Spirit, a collection of selections from his 1,700 TV scripts.

A lifelong practitioner of Centering Prayer, meditation, and Kriya Yoga, Peter has spent over 40 years exploring and guiding others along the mystical path. As a compassionate spiritual counselor, he works individually with people processing awakening experiences, near-death experiences, and deep spiritual transformations—helping them integrate newfound awareness into their psychological, emotional, relational, and spiritual lives. His approach combines deep listening, intuition, and reflection, drawing from his many mystical encounters and decades of experience as a counselor, providing insight, comfort, and profound spiritual growth.

Peter hosts *Not Church: Mysticism West and East* on YouTube every Sunday morning, followed by the *Mystic Tea Salon* on Zoom—an ever-growing global community celebrating its fourth year in 2025.

Ric Werme is a long time Mensan and a fan of the "hard" sciences. He thinks that if there is a gene that conveys an urge to measure stuff, he's homozygous for it.
